ATTACHMENT A: Catalog of Services

SIN 874-1 Integrated Consulting Services

Item #	Labor Category	Description	GSA Price
1	Senior consultant	Minimum/General Experience: A Senior Consultant has a minimum of 10 years of industry, government and/or consulting experience in product, process and/or service design, development, test and evaluation, manufacturing, service, logistics and/or sales and marketing. Technical expertise in enterprise-level Lean Six Sigma program initialization, execution and assessment as well as related enterprise-level quality systems improvement are also required. Functional Responsibility: A Senior Consultant has extensive, significant and highly responsible industry, program management and managerial experience and can lead the design and deployment of an enterprise-level Lean and/or Six Sigma program across all organizational boundaries. The Senior Consultant also provides experienced and expert consultation and facilitation services to senior and mid-level agency management. Minimum Education: Bachelor of Art or Bachelor of Science and Master of Science degrees in engineering, mathematics, statistics, operations research and/or business administration.	\$261.34 /hr
2	Senior Associate/Master Black Belt	Minimum/General Experience: A Six Sigma.us Senior Associate/Master Black Belt has a minimum of 10 years of industry, government and/or consulting experience in Lean and/or Six Sigma. This includes both receiving and teaching Lean and/or Six Sigma training, passing related Lean and/or Six Sigma certification exams, leading multiple projects using Lean and/or Six Sigma principles, tools and methodologies resulting in verifiable benefit realization for the enterprise, leading associated project report-outs to enterprise executives/leaders and teaching, consulting and facilitating at least 4 waves of Lean and Six Sigma Black Belt level classes. In depth knowledge of	\$209.07 /hr

basic, intermediate and advanced Lean and/or Six Sigma tools is required.

Functional Responsibility: A Six Sigma.us Senior Associate/Master Black Belt leads, consults and facilitates a full spectrum of Lean and/or Six Sigma events. These include formal, in-class training of Lean and/or Six Sigma Master Black Belt, Black Belt and Green Belts in service, transactional and/or technical processes, Kaizen events, executive orientations and overviews as well as champion/sponsor training. Senior Associate/Master Black Belts design and develop guides, texts and/or software for use in Lean and/or Six Sigma deployments. They are certified through the projects they have led, the benefits that were delivered, the passing of one or more comprehensive exams and the satisfactory presentation of multiple project summaries to executives and leaders from industry, Government and/or academia. They also have proven experience in leading, consulting and facilitating key "Train-the-Trainer" events for preparing Lean and/or Six Sigma Black Belts within business, Government and/or academia to become future Master Black Belts.

Minimum Education: Bachelor of Art or Bachelor of Science and Master of Science degrees in engineering, mathematics, statistics, operations research and/or business administration.
